KUBIX

DEVELOPED BY DealCorp.

CONSTRUCTION UPDATE STAGES 2 & 3

Construction at Kubix is progressing at an excellent rate, despite the wet weather with stages two and three on program.

Stage Two construction is up to level three, with the slab poured and columns installed. By September, level four slab will be poured and Crema Construction group will focus their attention to the top half of the buildings structure.

Construction is progressing equally well on stage three with the slab and columns now established on level one. Preparations have been made for level two's slab to be poured late by spring.

Construction is scheduled for completion for the third quarter of 2017. As the development advances Dealcorp will keep ensure to keep you up to date.

Kubix construction August 2016

LOCAL EVENTS

TESSELAAR TULIP FESTIVAL will run from September 8th to October 4th 2016 and is located at the base of the Dandenong Ranges, just a 30 minute drive from Kubix.

This four week family festival hosts various themed days and weekends including Turkish, Dutch, Food, Wine, Jazz and Irish along with eight days packed with school holiday fun for the kids. Tulips are the stars of the show but you will also enjoy live entertainment daily appropriate to each theme, market stalls, culinary delights from around the globe, Dutch costumes, tractor rides, pick your own tulip patch, sculpture exhibit and more. Bring a picnic to enjoy in the gardens or indulge in local produce.
