236 JASPER RD MCKINNON

MCKN - Artist Impression

“ We looked for a nice home in McKinnon and MCKN is homey, spacious, low maintenance and close to the beach - **it's exactly what we have been looking for.** ”

We've been looking in this area for some time... three to four months. It was the location, proximity to my job and the proximity to the schools.

It was an easy transaction, easy to deal with the developer, and an easy process.

I've recommended them to everyone at work. ”

Egon and Sidonia Magyar
Purchasers at MCKN

“ We love the location and the fact that everything will be in arms reach.
It's such a prime location for a reasonable price in today's market.

We are excited for the commute to work being quicker, allowing for more time to enjoy recreation, the wonderful amenity in the development and surrounding the site. ”

APARTMENTS

KUBIX - Completed 2017

“ We really appreciated how much flexibility the developer showed us in accommodating some special refinements we asked for.

We never thought that we could get such a sense of space living in an apartment. We have a very green outlook, without the need to worry about maintaining a yard.

Aspire Heritage Apartments - Completed 2017

“ We wanted an apartment with character that looked different to everything else on the market. I have always loved the area. At the same time, we also wanted to have modern facilities! The Aspire apartments ticked all our boxes. **What is so great is that it respects the past but also renews and rejuvenates it.** ”

“

DealCorp were quite prepared to tailor the apartment to suit our needs.

They went to great extremes not only for us but for everyone, they did some amazing work for people.
